

## **Blue Sun Dress**

Who's that lady,  
In the blue sundress?  
Who's that lady,  
In the blue sundress?  
She makes my head a mess.

Gotta meet that lady,  
In the blue sundress,  
Gotta meet that lady,  
In the blue sundress,  
She makes my head a mess.

Every time I look at her  
She drives me wild  
Every time I think of her  
She makes me feel like a child

Solo

I married that lady,  
In the blue sundress,  
I married that lady,  
In the blue sundress,  
She makes my head a mess.

I love that lady,  
In the blue sundress,  
I love that lady,  
In the blue sundress,  
She makes my head a mess
