

Sink or Swim

Long line of fools to the left of me
Clowns to the right
Hard to keep a path
That's straight and true

Not sure how to begin
Not clear if I'm out or in
Small chance that I'll win
Not sure if I'll sink or swim (repeat x 4)

Hope for a voice to call to me
That splits the night
And help guide me
On what to do

Outro.

End

Not sure how to begin
Not clear if I'm out or in
Small chance that I'll win
Not sure if I'll sink or swim (repeat)

Think what you want of me
So sure you're right
But you've no idea
What I've been through

'Cause there's fight for each of us
Ten rounds in the ring
Each only trying
To punch on through

Not sure how to begin
Not clear if I'm out or in
Small chance that I'll win
Not sure if I'll sink or swim (repeat)

Interlude with guitar and accordion

Gotta find that place inside of me
Gotta let it out
Gotta make it fit
Just like a shoe

Gotta be the me I'm meant to be
Gotta figure it out
Sometime before
My time is through
